The application has been amended as follows:

- Cancel claims 16-20.

Reasons for Allowance

Claims 1 and 15 contain the limitation where the insulation layers are of a baked organic polysilane layer. This limitation, in combination with the other limitations of claims 1 and 15 are not taught or suggested by the prior art of record. Hale (US006407929B1) teaches the layers to be FR-4 epoxy-glass, polyimide-glass, benzocyclobutene, Teflon,

or other epoxy resins or the like, but does not teach or suggest organic polysilane as the material. Shibuya (US 20020070400A1 teaches the material to be organic with a high heat resistance, but only names a polyimide and the like, but does not teach or suggest organic polysilane as the material. Shioga (US006873038B2) teaches polyimides, epoxy-resins, and other dielectric materials, but does not teach or suggest organic polysilane as the material.

Claims 2-15 are allowed as being properly dependent upon allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
